

AERO Mobile One Q

NEW! Light and flexible single-leg table on castors for a flexible work station that can easily be moved and features good ergonomics. The latest technology in height adjustment control ensures reliable and comfortable operation.

- Ergonomic with flexible height
- Flexible and removable

Electric sit & stand frame featuring excellent performance despite it's compact design. Elegant legs of rectangular design with the big tube at the top. Comes with five castors which can be easily replaced with the accompanying adjustable feet if desired. It's design enables a number of different combinations when using several units. Drop-shaped table top in varnished ash wood. For further freedom of movement, the table can be supplemented with battery power. Table available in black or white.
