

NEW!

Revolution One-G

Now we are launching the market's lightest and most material-efficient height adjustable desks. Our new product range is called "Revolution". The series consists of models Y and T where the shape of the legs has given the frame its name. The series consists of the 2-leg models Y and T and the one-column frame One.

- Height-adjustable
- Ergonomic

Revolution One-G is a light and flexible height adjustable desk, which provides a pleasant and ergonomic work. The desk can be placed both in the environment at home or in the small office. You'll be able to place the Revolution One-G wherever you want. It's a gas-powered frame independent of power supply. The wheels make it easy to move and the tilt function makes the table top adjustable. With the tabletop completely folded down, it becomes easy to store several tables on a limited area. Everything to suit your needs.
